Executive Summary

Purpose

PRISM is a shopping website for shopaholics, general shoppers, and fashion admirers. The purpose of the project is to solve luxurious fashion problem. We know the brands like Gucci, D&G, Bloomingdale, Ralph Lauren, Louis Vuitton, etc. are luxurious brands that are expensive as heck. We, at PRISM, offer the same luxurious fashion wear at reasonable amount. We, as a Fashion is approachable to everyone in every season. PRISM is a project that will bring fashion to everyone.

Synopsis

We see PRISM as an alternative brand Fashion wear that will soon be one of the top fashion brands in the world that will still be approachable to everyone. These high-quality fashion wears are expensive because of its well renowned brands. We will provide the same high-quality fashion wear but will be ten times cheaper than their price. PRISM is for anyone from a newly born child to any age. It will make you look glamorous for any event anytime. This e-commerce website is a solution to that problem.

Background

Problem

The purpose of the project is to solve luxurious fashion problem. We know the brands like Gucci, D&G, Bloomingdale, Ralph Lauren, Louis Vuitton, etc. are luxurious brands that are expensive and have been since long time. We, PRISM, comes in the play to help support fashion. This project is for everyone from a newly born child to any age.

Project Plan

Milestone Summary

- Milestone 1: ☒

Make a contract, repository and teams in GitHub

- Milestone 2: ☒

Plan what your final project will look like

Create a site map

Create a planning document

- Milestone 3: ☒

Creating the look-and-feel of the project

Planning the graphical layout and placement of major and minor components, as well as the logical flow or transition from one component to another.

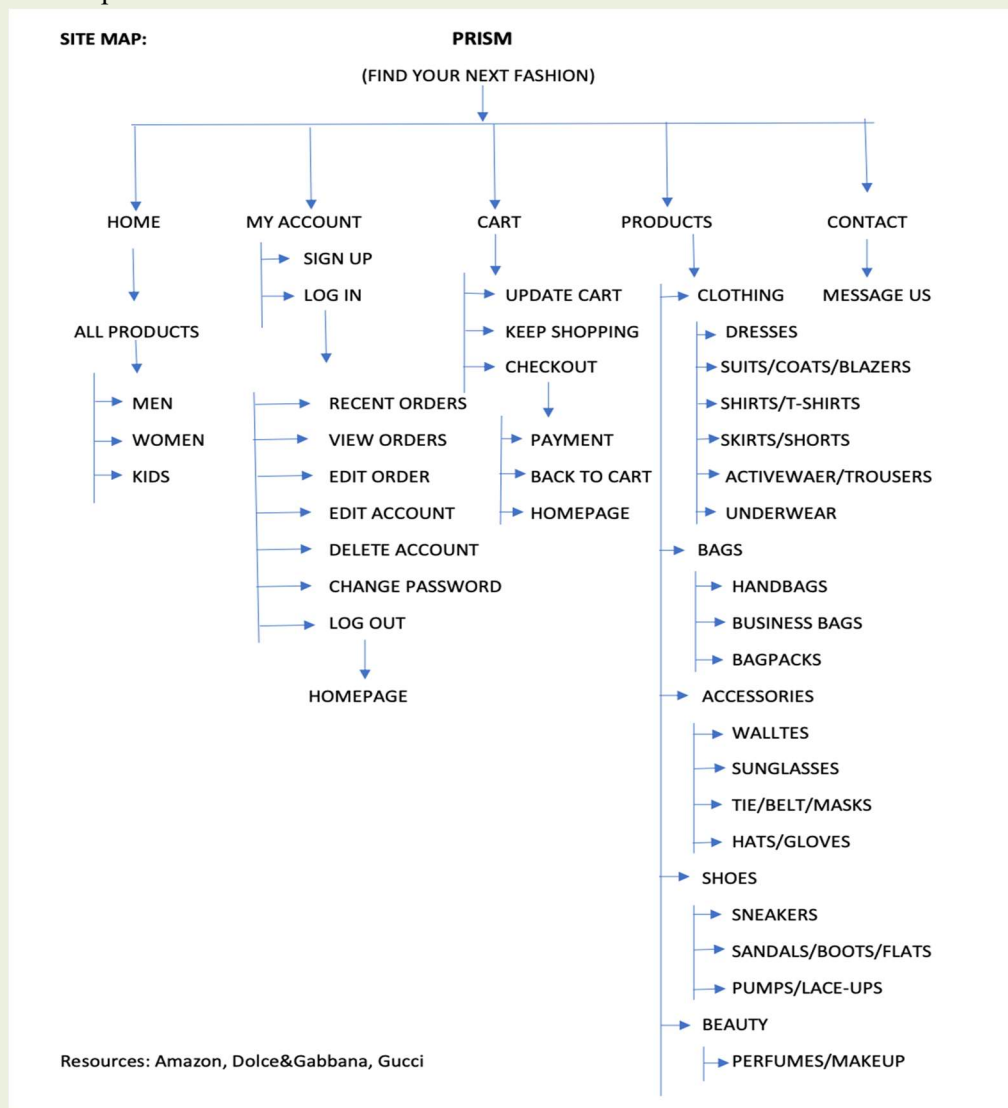

Milestone 1 and 2 Details

Allows users to contact the admin of the website.

Milestone 3 Details

User Account Settings:

The screenshot displays the 'User Account Settings' interface. On the left, there is a sidebar with two tabs: 'General' and 'Security and Login'. The 'Security and Login' tab is currently selected. The main content area is titled 'User Account Settings' and contains the following elements:

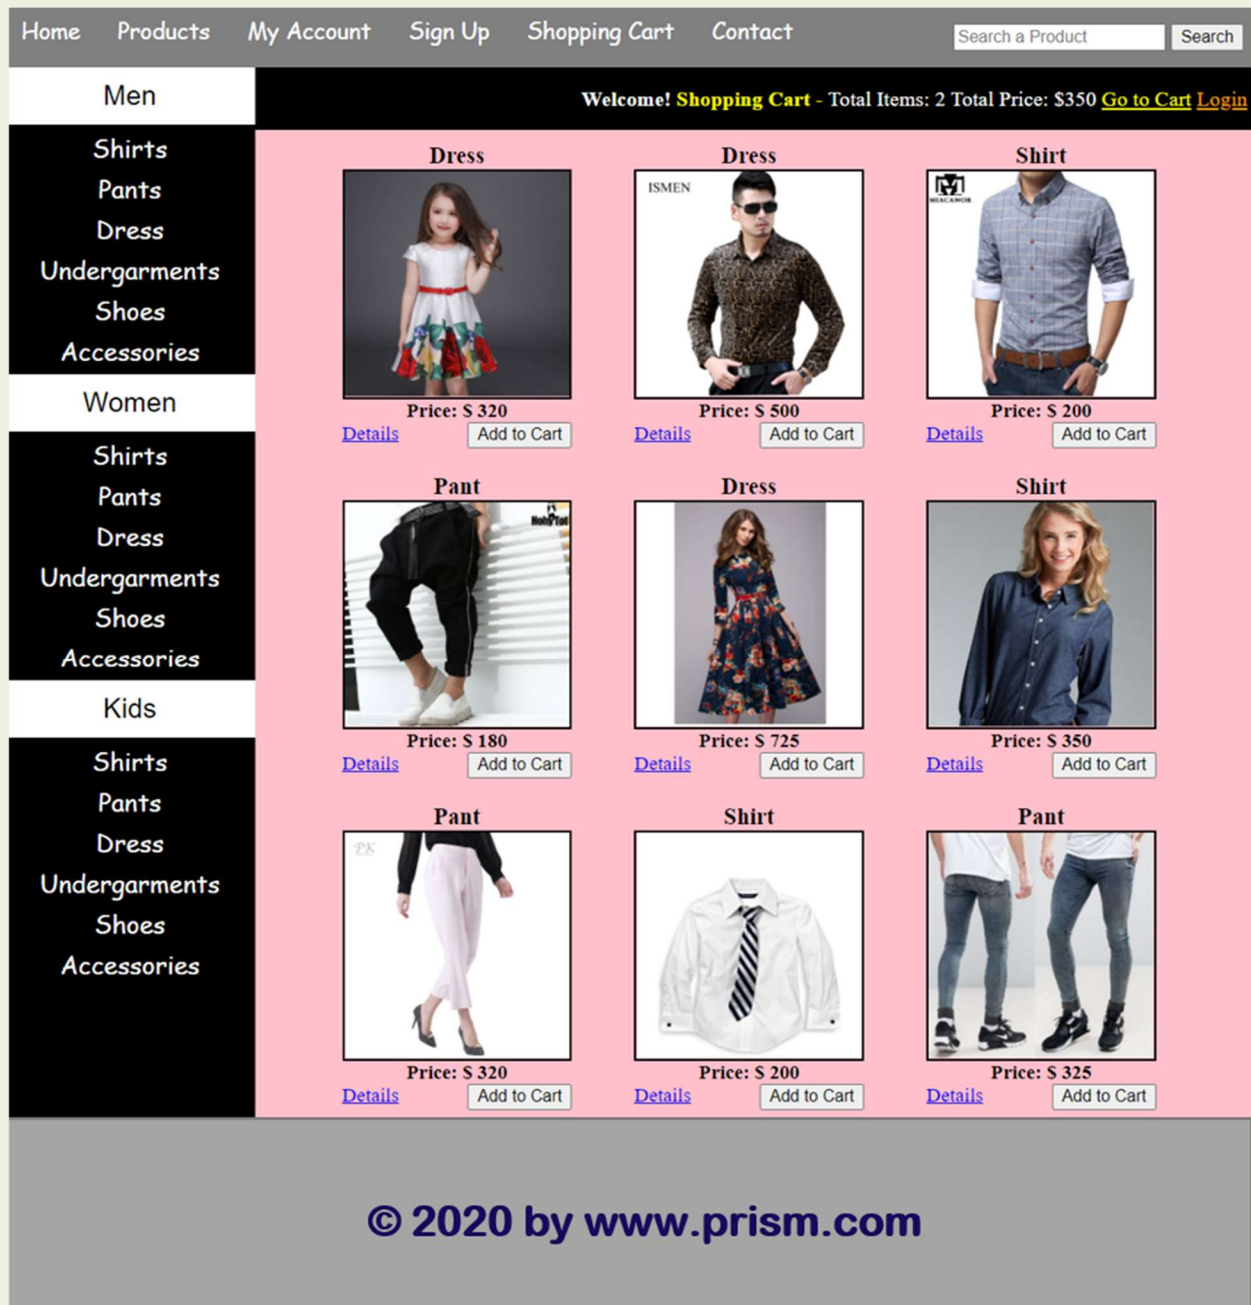

- A section titled 'Change Password:' with three input fields labeled 'Current:', 'New:', and 'Re-type New:'.
- A link labeled 'Forget your Password?' in blue text.
- A blue 'Save' button at the bottom.

Allows the user to change their username, passwords, and other information about them.

Maintaining customer account, admin can delete customer account if the user is a bad guy.

Milestone 3 Details

Trey:

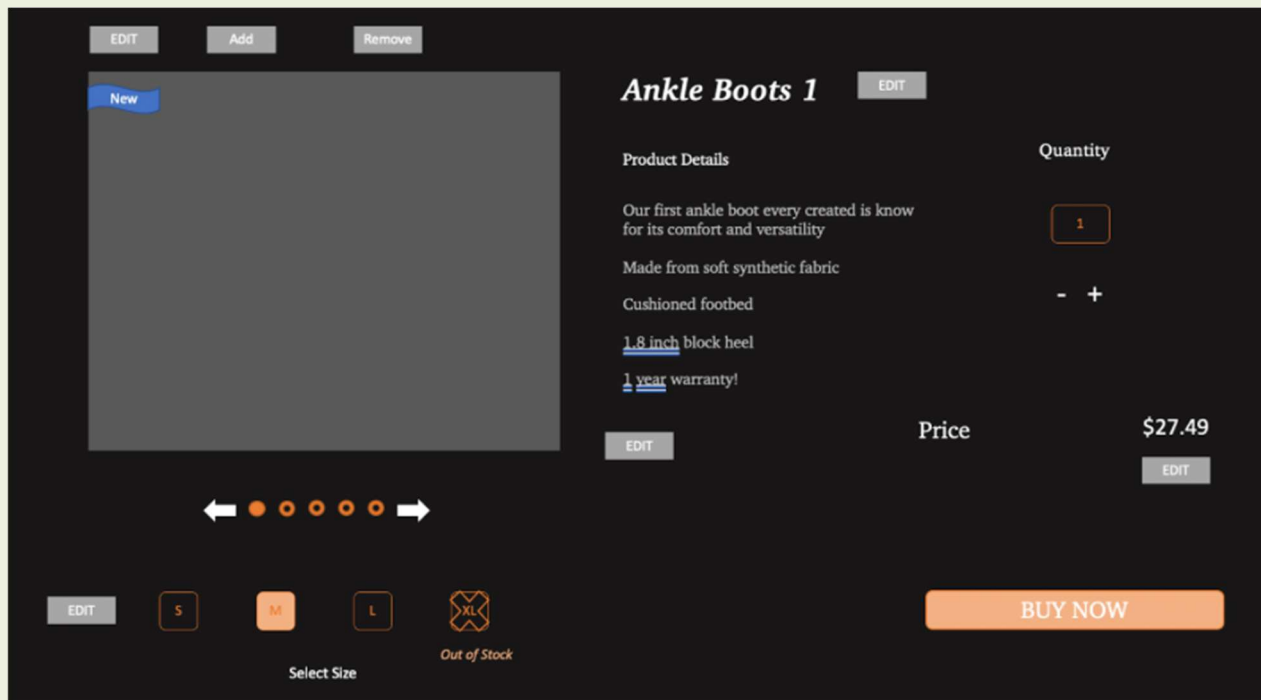

Product Details:

This slide is the user product details slide. The user will be able to cycle through photos of the product, then be able to select the size and quantity they would like to purchase based on availability. This slide gives more detailed information on the product as well as the price and the option to “buy now” or “add to cart”

Milestone 3 Details

Admin Product Details:

The image shows a screenshot of the 'Admin Product Details' page for a product named 'Ankle Boots 1'. The interface is dark-themed. At the top, there are buttons for 'EDIT', 'Add', and 'Remove'. Below these, on the left, is a large image placeholder with a 'New' tag. To the right of the image is the product title 'Ankle Boots 1' with an 'EDIT' button. Below the title, the 'Product Details' section lists: 'Our first ankle boot every created is know for its comfort and versatility', 'Made from soft synthetic fabric', 'Cushioned footbed', '1.8 inch block heel', and '1 year warranty!'. To the right of this text is a 'Quantity' section with a numeric input field set to '1' and minus/plus buttons. Below the product details is a 'Price' section showing '\$27.49' with an 'EDIT' button. At the bottom, there is a 'Select Size' section with buttons for 'S', 'M', 'L', and 'XL'. The 'XL' button is crossed out and labeled 'Out of Stock'. A 'BUY NOW' button is located at the bottom right.

This slide is the admin product details page. This is the same page as the user details except the admin only has access to this version as they will be able to edit the price, the size options/availability, product details, product name, and lastly be able to add or remove photos of the product or even add other info via the edit button such as mark a product as sold out or new to the site.

Milestone 3 Details

Cart:

The screenshot displays a shopping cart interface. On the left, under the heading "Your Cart (2)", there are two items. Each item consists of a placeholder image, a text box with details (Style #, Size, Qty, Color), and a price. The first item is "Ankle Boots 1" with a price of \$82.47. The second item is "Ankle Boots 2" with a price of \$45.99. On the right, an "ORDER SUMMARY" box contains a link to "Enter Promo Code", a subtotal of \$128.46, shipping and handling of \$0.00, tax of \$0.00, and a final total of \$128.46. A green "CHECKOUT" button is located at the bottom right of the cart area.

Your Cart (2)	
	Style #: 345523425 Size: small Qty: 3 Color: Brown
Price: \$82.47	
Ankle Boots 1	
	Style #: 345523425 Size: small Qty: 1 Color: Brown
Price: \$45.99	
Ankle Boots 2	

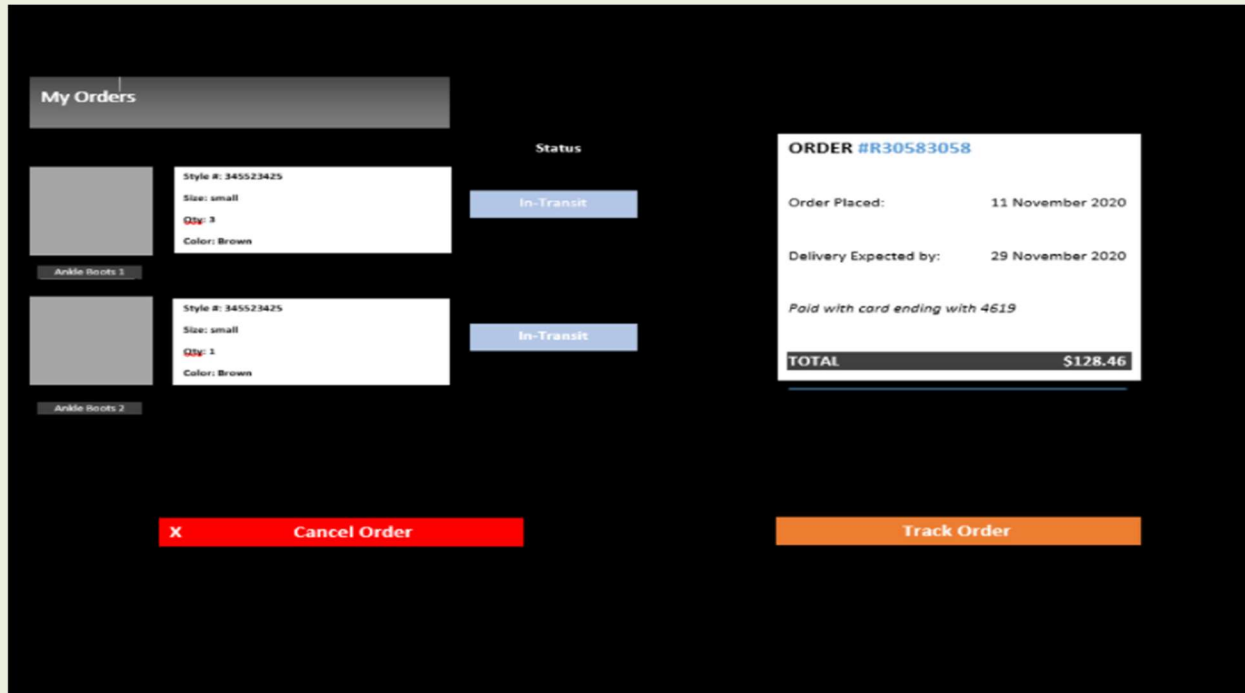

ORDER SUMMARY	
Enter Promo Code	
SUBTOTAL	\$ 128.46
Shipping & Handling	\$0.00
Tax	\$0.00
TOTAL	\$128.46

[CHECKOUT](#)

This is a very simple cart page showing each item a customer adds to their cart, the price of that product, and a few important details of each item. This page also shows the order summary directly before the customer makes a purchase allowing them to enter a promo code if they choose, also can view the subtotal before taxes and shipping/handling. Finally, the summary gives the final total of the order and the option to checkout the items.

Milestone 3 Details

Your Orders page:

This is the “my orders” page which will allow a customer to view an order they had just completed. They will be able to click on the track order button which will give them updates on where their package is. They will also have the option to cancel their order (within a certain amount of time maybe?). This page also gives the status of the shipment as well as an overview of each item purchased including a less detailed product description of each item. Lastly, this page shows the date the order was placed, the date it is expected to arrive, and the last 4 numbers of the card used to make the purchase.
