Introduction

PRISM is a shopping website for shopaholics, general shoppers, and fashion admirers.

Purpose:

Solve luxurious fashion problem.

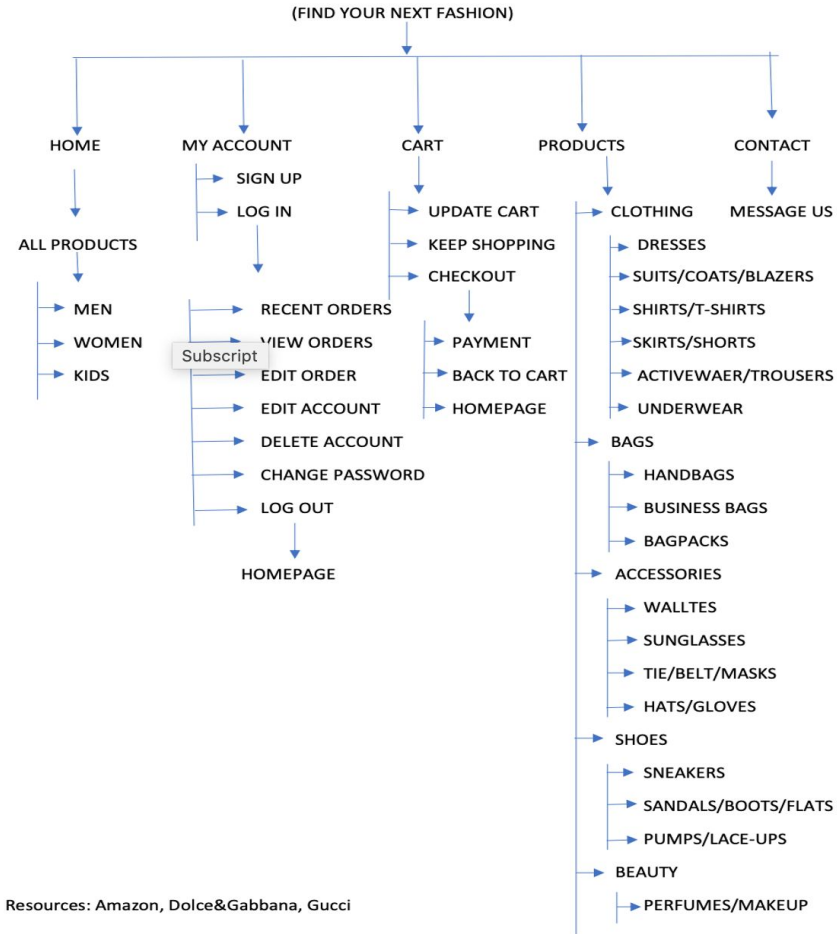

We know the brands like Gucci, D&G, Bloomingdale, Ralph Lauren, Louis Vuitton, etc. are luxurious brands that are expensive as heck. We, at PRISM, offer the same luxurious fashion wear at reasonable amount. We, as a Fashion is approachable to everyone in every season.

PRISM is a project that will bring fashion to everyone

Site Map

SITE MAP:

PRISM

Work performed

- HTML, CSS for most of the pages is completed.
- Planning for the project.
- Discussed overall flow of the website.
- Started working on back-end and databases.

What has gone well

- The design/template for most of our pages is complete without running into many issues!
- The flow of the database is planned out!
- Started to look around back-end too!

Challenges faced

- Getting all our codes together.
- Meeting Time
-

Plan for remaining work

- Complete the overall front-end development for the website.
- Start working on back-end
- Databases
- Work on Admin Panel and its database
- Testing
- Publishing online!!!

Conclusion

PRISM is a shopping website for shopaholics, general shoppers, and fashion admirers.
